Date: March 24, 2020

Subject: COVID-19 Update

In response to the COVID-19 pandemic, the Governor of Massachusetts issued an executive order on March 23rd requiring all non-essential businesses to close.

As a supplier of components to contractors and sub-contractors designated as “critical infrastructure” within the Defense Industrial Base, pursuant to Presidential Policy Directive 21 (PPD-21): *Critical Infrastructure Security and Resilience*; Vicor will continue operations during the state of emergency declared by the Governor.

At the present time, our product lead-times are not affected but we will of course keep you updated of any changes as the COVID-19 crisis continues to evolve.

On behalf of Vicor, I wish you and your families the very best and as always thank you very much for your business and support.

Phil Davies

Corporate Vice President WW Sales and Marketing
