**Excelpoint adds new product line, Everspin Technologies**

---

Excelpoint continues to expand its product offering with the addition of Everspin Technologies, a leading provider of non-volatile memory technology and products to mission critical data center, industrial and transportation applications.

Everspin Technologies has an outstanding reputation as a developer and manufacturer of magnetoresistive random access memory (MRAM) for data centers, industrial, automotive and transportation applications. With this product line added, Excelpoint will be able to offer customers quality solutions where persistence, performance, endurance and reliability are critical. This collaboration will help Excelpoint develop integrated solutions for customers in Asia Pacific as well as expand its presence for Everspin Technologies.

**Regional coverage**

Southeast Asia  
Australia  
New Zealand  
India

**Segments**

Industrial Automation  
Aerospace / Transport  
Medical  
Enterprise Storage  
Network Infrastructure

**About Everspin Technologies**

Headquartered in Chandler, Arizona, Everspin Technologies, Inc. is the worldwide leader in designing, manufacturing, and commercially shipping discrete and embedded MRAM into markets and applications where data persistence, performance, and endurance are paramount. With over 120 million MRAM products deployed in data center, cloud storage, energy, industrial, automotive, and transportation markets, Everspin has built the strongest and fastest-growing foundation of MRAM users in the world.
